Ear-Hooks

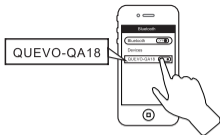

IMPORTANT SAFETY INFORMATION

Do not use your earphones at high volume levels. Listening to loud sounds for an extended period of time may cause hearing loss. Do not wear your earphones whilst driving or in any activity that could bring you near moving vehicles.

Get Started

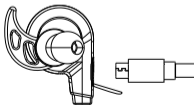

Begin with earphones powered off. Then Hold down “@” button (for about 5 seconds) your earphones will then enter pairing mode, and you will hear the voice command say “Pairing”. The “@” logo will also flash red and blue. After the first successful pairing your earphones will connect with your device automatically every time.

Please turn on the Bluetooth function on your device, then look for QUEVO – QA18 and connect. If your device tells you to enter a password please enter "0000" as the pairing code.

Included are S/M/L secure fit ear hooks and ear buds. The correct size ear hooks for your ear will be the ones which fit snugly into the bowl of your ear and lock into the top. Make sure to test out all sizes of ear hooks, only with the perfect size will you enjoy the best fit & optimum sound quality.

Charging

Charge the earphones via USB cable, the "ⓐ" will turn red whilst earphones are charging. The "ⓐ" will turn blue once fully charged.

How to operate your earphones

Power on: Hold down the "ⓐ" button for 3 seconds to turn on your earphones, the voice command will say "Power ON" and the "ⓐ" will flash blue slowly.

WARNING

Due to the isolating characteristics of these headphones do not use while driving, riding a bike or where vehicular traffic is present, or in any other activity where failure to hear surrounding sounds could be dangerous. Use of these headphones at excessive volumes may cause permanent hearing damage. Always turn the volume down before use. Take caution with regard to inserting objects into ear canal, use at own risk.

ATTENTION: These earphones conforms to a water-seal rating of IPX4, which ensures the earphones will show no adverse damage even if exposed to water splashing from any direction.
